

# Shout Out

SCIENCE FAIR  
UPDATE

## High Honors for Barstow's STEM Students at the RIMS Inland Science and Engineering Fair!

***Congratulations to the following students!***

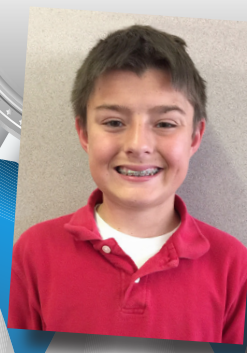

**Bronze**  
**Jalen Griego**  
6th Grade

Jalen tested various materials to determine which would be better at filtering out air pollution.

**Silver**  
**Blaine Schiele**  
8th Grade

Blaine's project was to discover the effects of light on germinating Vigna Radiata (mung bean seeds).

**Bronze**  
**Randi Crank**  
7th Grade

Randi's objective was to find out if high action video games trigger an adrenaline response.
