Principal's Message School Vision School Profile Student Achievement Parent Involvement School Facilities & Maintenance Classroom Environment Curriculum & Instruction Professional Staff District Expenditures SARC Data & Internet Access

The statistical information disclosed in this report is obtained from the California Department of Education and the Barstow Unified School District. At the time of publication, this report met all SARC-related state and federal requirements, using the most current data available. Data to prepare the instructional materials and school facilities sections were acquired in 12/2008.

Principal's Message

Thomson Elementary School's staff is committed to implementing an intensive, balanced, standards-based curriculum to ensure each child's success. This annual report card to the community will share valuable information about our instructional program, academic achievements, school facilities and safety, highly qualified staff, textbooks, and finances compared to other schools and districts in the state.

Parents are invited to work together with our dedicated staff to create a safe learning environment that has high expectations, promotes student' academic and social development, teaches responsibility and pride as we model lifelong learning. We are excited about our school and its programs and welcome all to support our efforts.

School Vision

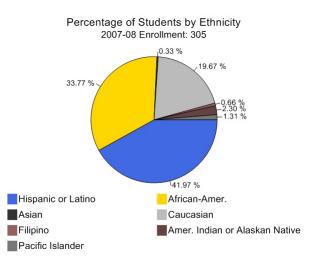

Thomson School staff is committed to providing a rich learning community so that students will:

Academic:

- · Receive standards based instruction daily
- Participate in ongoing assessments that drive their instruction
- Social:
- · Learn and practice social skills throughout the school environment
- · Participate in activities that promote school pride
- Recognize and respect cultural, ethnic, and individual differences
- Environment:
- Follow classroom and school rules
 Practice and experience equality and respect for each other
- Practice and experience equality and respect for ease • Recognize and respect diversity
- Work with the school community to create a safe environment
- Health:
- Attend school regularly and punctually
- · Receive information to prevent and resolve health issues
- Dress according to the District Dress Code
- Family Involvement:
- Meet with parents and teachers to discuss their progress
- Participate with their families in school related activities

School Profile

Thomson Elementary School is located in the central region of Barstow and serves students in grades kindergarten through four following a traditional calendar. At the beginning of the 2007-08 school year, 305 students were enrolled, including 12% in special education, 16% qualifying for English Language Learner support, and 81% qualifying for free or reduced price lunch. Thomson Elementary School achieved a 2008 Academic Performance Index (API) score of 766 and met all 2008 Adequate Yearly Progress criteria.

Student Achievement

California English Language Development Test

State law requires schools to give the California English Language Development Test (CELDT) to students in grades kindergarten through twelve whose home language is not English. The test identifies new students as English learners, monitors their progress in learning English, and helps determine if they have achieved proficiency in the English language.

Standardized State Assessments

Students at Thomson Elementary School participate in California's STAR examination each year. The mandatory STAR Program (Standardized Testing and Reporting) is a set of assessments that evaluates student proficiency in core subject areas and compares student results with those of other students in the state who took the same test. The STAR is comprised of the California Standards Tests (CST), Aprenda 3, and the California Alternative Performance Assessment (CAPA).

The CST aids in determining the level of individual proficiency required by the state. CAPA is administered to students with significant disabilities who are not able to take the CST. For more information on the STAR Program, please visit http://star.cde.ca.gov/.

California Standardized Tests (CST)

The California Standards Tests assess student performance on the California Academic Content Standards adopted by the State Board of Education. Performance standards identify the level of student mastery of the content standards tested. The state target for every student is to score at the Advanced or Proficient level.

The CST tables in this report illustrate the percentage of students achieving Proficient and Advanced levels. Results are shown only for subgroups with ten students or more taking the exam. For those categories that are blank in the CST tables, no students met subgroup criteria. Detailed results by grade level for each student group can be obtained from the California Department of Education's website http://star.cde.ca.gov.

Academic Performance Index

California uses the results of STAR testing to calculate the Academic Performance Index (API) which is used to measure school performance, set academic growth targets, and monitor progress over time. The API is a numeric index between 200-1000 that measures student performance in grades two through eleven. An API score of 800 is the state's designated performance target for all schools. Test results are weighted and a formula is applied to determine API.

Growth Targets: For schools with an API under 800, the state requires a gain of 5% of the difference between the school's actual API and 800. Growth Targets apply not only schoolwide, but to each numerically significant subgroup as well. Schools/subgroups that have achieved an API of 800 or above must maintain their scores.

Statewide Rank: All schools in California are categorized according to type (elementary, middle, high) and are placed on a scale of 1 to 10, with 10 being the highest.

Similar Schools Rank: School performance is also compared to other similar schools in the state, based on demographic characteristics, and ranked 1 to 10 within a grouping of 100 schools.

Adequate Yearly Progress

The Federal No Child Left Behind Act (NCLB) requires that all students perform at or above the proficient level on the state's

standards-based assessment by the year 2014. Meeting Adequate Yearly Progress (AYP) milestones helps determine whether students are reaching proficiency level targets set by NCLB. AYP requires annual evaluation and reporting of the academic progress of all students and defined student subgroups.

For the 2007-08 AYP cycle, elementary and middle schools must achieve a 35.2% or higher proficiency rate in English/Language Arts and 37% or higher proficiency rate in math on the California Standards Test (CST). Additional criteria contributing to whether or not a school demonstrates AYP include achieving a 95% or above participation rate on the CST and obtaining an API growth score of 620 or increasing the API growth by 1 point.

More information on AYP can be found on the California Department of Education's (CDE) website www.cde.ca.gov/nclb/ and the U.S. Department of Education's website www.ed.gov/nclb/accountability/.

No Child Left Behind (NCLB)

The No Child Left Behind (NCLB) Act is part of the Federal Title I funding program designed to support additional staffing and programs to meet the needs of low-income, low achieving students, and other designated students with special needs. Schools may apply, based upon their student demographics, for one of two types of Title I funding: Title I Schoolwide or Title I Targeted Assistance. Title I Schoolwide schools use federal funds for schoolwide improvement of student achievement. Title I Targeted Assistance schools use federal funds to help those students who meet specific program criteria. In 2007-08, Thomson Elementary School qualified for Schoolwide Title I funding and is subject to comply with Title I program participation requirements.

Any school receiving Title I funds is required to comply with respective program testing and reporting activities, achieve specific levels of student proficiency, and monitor school progress towards meeting established goals. California Adequate Yearly Progress calculations determine whether a Title I school has met performance goals. Schools not meeting specific AYP criteria enter Program Improvement, a monitoring system and curriculum enhancement program designed to help schools to increase student proficiency levels. More information about Title I and Program Improvement can be located on the CDE's website www.cde.ca.gov/ta/ac/ti/.

Parent Involvement

Parents are encouraged to get involved in their child's learning environment either by volunteering in the classroom, participating in a decision-making group, or simply attending school events.

Parents stay informed on upcoming events and school activities through school newsletters, teacher newsletters, the school marquee, and parent conferences. Contact the school office at (760) 255-6151 for more information on how to become involved in your child's learning environment.

School Facilities & Maintenance

The district takes great efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. Thomson Elementary School's original facilities were built in 1954; maintenance ongoing and campus improvements ensure facilities remain up to date and provide adequate space for students and staff. District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and district staff to communicate non-routine maintenance requests.Every morning before school begins, custodian inspect facilities for safety hazards or other conditions that need attention prior to students and staff entering

school grounds. One day custodian and one evening custodian are assigned to Thomson Elementary School. The day custodian is responsible for:

- Restrooms
- Office Area Cleaning
- Classrooms

Restrooms are checked throughout the day for cleanliness and subsequently cleaned as needed. The evening custodian is responsible for:

- Restroom Cleanup
- Office Area Cleaning
- Classrooms

The principal communicates with custodial staff daily concerning maintenance and school safety issues.

Campus Description	
Year Built	1954
	Quantity
Permanent Classrooms	16
Restrooms (student use)	3
Libraries	1
Computer Labs	1
Cafeteria/Multipurpose Rooms	1
Read Naturally Lab	1

Deferred Maintenance

Thomson Elementary School participates in the State School Deferred Maintenance Program, which provides dollar-for-dollar matching funds to assist school districts with major repairs or replacement of existing school building components. Deferred maintenance projects generally include roofing, plumbing, heating, air conditioning, electrical systems, interior/exterior painting, and floor systems. During the 2007-08 school year, Thomson Elementary School received a portion of \$369,198 in deferred maintenance funds.

Campus Supervision

School administration and teaching staff place a high priority on providing adequate adult supervision on campus before, during, and after school. As students arrive on campus each morning, the following individuals are strategically assigned to designated entrance areas and the playground: teachers and Noon Supervisor. Noon Supervisors monitor lunch time activity in the cafeteria and on the playground. At the end of the day when students are dismissed, teachers monitor student behavior to ensure a safe and orderly departure.

Thomson Elementary School is a closed campus. During school hours, all visitors must sign in at the school's office and wear identification badges while on school grounds.

School Site Safety Plan

The Comprehensive School Site Safety Plan was developed for Thomson Elementary School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's most recent school safety plan was reviewed by school staff in August 2008 and updated in August 2008. Staff responsibilities and safety plan updates were discussed with staff in August 2008.

Classroom Environment

Instructional Time

All instructional time offered at Thomson Elementary School either meets or exceeds California's Education Code requirements. For the 2007-08 school year, Thomson Elementary School offered 180 days of instruction comprised of 140 regular days and 40 modified days. Modified days were used for parent conferences and professional development.

The table below is a comparison of the instructional minutes offered and the state's instructional time requirements.

	Instructional Minutes 2007-08	
Grade Level	Actual Minutes Offered	State Requirement
К	58,600	36,000
1-3	55,400	50,400
4	55,400	54,000

Discipline & Climate for Learning

Thomson Elementary School's discipline policies are based upon the district's conduct code, which is used as a guide to encourage positive choices in behavior, promote responsibility, promote respect, and minimize classroom disruptions. Teachers clearly identify and explain behavior expectations to their students and discuss consequences for poor or disruptive behavior in the classroom. Thomson Elementary School employs a progressive approach in managing students who make poor choices in behavior, do not follow school rules, or are disruptive in the classroom.

At the beginning of the school year, school rules, disciplinary policies, and behavioral expectations are shared with students in the classroom by their teacher and in the student handbook. Students are reminded throughout the school year of their individual responsibility to make good choices in behavior in morning announcements.

Administrators and teachers reinforce students demonstrating good citizenship, positive behavior, and student achievement on a daily basis. Thomson Elementary School sponsors the following behavioral incentives: Student of the Month and Tiger Eyes. Academic honors include Math awards, Reading awards, Citizenship awards, Friendship awards, Attendance awards, and Writing awards. Extracurricular and enrichment programs held after school promote academic achievement and create increased interest in school. Thomson Elementary School offers Homework Club, Afterschool Intervention, and GATE (Gifted & Talented Education).

Suspensions & Expulsions					
		TES			
	05-06	06-07	07-08		
Suspensions (#)	61	81	50		
Suspensions (%)	19.37 %	28.22 %	16.39 %		
Expulsions (#)	2	0	0		
Expulsions (%)	0.63 %	0.00 %	0.00 %		
	BUSD Elementary Schools				
Suspensions (#)	1060	1057	999		
Suspensions (%)	26.01 %	27.01 %	26.41 %		
Expulsions (#)	11	18	15		
Expulsions (%)	0.27 %	0.46 %	0.40 %		

This table illustrates the total cases (not number of days) of suspensions and expulsions, and includes students with multiple instances of suspension. For example, a student suspended in one month for 2 days and then suspended a month later for three days is counted as two cases of suspension.

Class Size

The Class Size Distribution table in this report illustrates the distribution of class sizes by grade level, the average class size, and the number of classes that contain 1-20 students, 21-32 students, and 33 or more students.

Curriculum & Instruction

Staff Development

All training and curriculum development activities at Thomson Elementary School revolve around the California State Content Standards and Frameworks. Professional development activities support adoption of new curriculum and implementation of new programs. Decisions concerning selection of staff development activities are performed by all staff using tools such as teacher input and data analysis to determine the areas in which additional teacher training may enhance classroom instruction and increase student achievement levels. During the 2007-08 school year, Thomson Elementary School held two (2) staff development days devoted to:

- Data analysis
- Instructional strategies
- Rosetta Stone
- Compass Learning
- Unwrapping Standards
- Student Discipline

Thomson Elementary School offers support to new and veteran teachers through peer coaching and mentoring. Instructional aides are provided targeted training focused on teaching strategies and curriculum content. All staff are encouraged to attend professional workshops and conferences. Classified support staff receive job-related training from department supervisors and district representatives.

Instructional Materials

All textbooks used in the core curriculum at Thomson Elementary School are aligned to the California Content Standards and Frameworks. Instructional materials are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education. The district follows the State Board of Education's six-year adoption cycle for core content materials (English/language arts, math, science, and social science).

On Tuesday, October 14, 2008, the Barstow Unified School District's Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted Resolution # 11--2008-2009 which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students, including English learners, in the district to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, and (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/language arts.

In addition to the core subject areas, districts are required to disclose in their SARCs the sufficiency of instruction materials used for health, foreign language, and visual/performing arts curricula. During the 2008-09 school year, Barstow Unified School District certifies that each student, including English learners, enrolled in a health, foreign language, and/or visual/performing arts class has been provided with a textbook or supplemental materials to use in class and to take home. These materials comply with the state's content standards and curriculum frameworks.

School Leadership

The administrative team is comprised of the principal, who works closely with the leadership team, teachers, the counselor, and school staff. Principal Theresa Gonzales is responsible for the day-to-day operations of the school and overall instructional program. Coordinating efforts with the principal is the Leadership Team, comprised of the principal and teacher representatives. The Leadership Team meets as needed throughout the year to discuss operational and curricular issues and address staff development needs.

Principal Theresa Gonzales has been in the educational field for 20 years and serving Thomson Elementary School for 10 years (as of 2007-08). Previous positions held in other schools include: principal and classroom teacher. Principal Theresa Gonzales holds a bachelor's degree in Liberal Studies and a master's degree in School Administration.

Specialized Instruction

All curriculum and instruction is aligned to the California State Content Standards and Frameworks approved by the State Board of Education. The instructional program is structured so that all students receive instruction appropriate to their learning level. Teachers use a variety of research-based instructional strategies and techniques using state-approved instructional materials to ensure academic success.

Students with special gifts and talents need more challenging curriculum and instruction. The Gifted and Talented Education (GATE) program is offered to students in grades 3 through 4 who have been identified as academically gifted through district-administered assessments. Students receive differentiated instruction from class teacher. Instruction is provided by teachers who are GATE Trained.

For students whose primary language is not English and who have limited English proficiency, Thomson Elementary School offers programs to help them acquire English as quickly as possible and prepare them to meet the state's academic content standards. English learners are clustered in the class room by language fluency level to receive differentiated instruction from class teacher. Instruction focuses on reinforcement of class lessons, reading intervention, and targeted support in areas of need. Some students may receive English Language Development instruction as a supplement to their regular language arts instruction. ELD instruction is provided through a team-teaching approach. For designated time periods, students regroup based on language fluency to receive targeted instruction at their proficiency level. Thomson Elementary School's teachers utilize the EL component of Houghton Mifflin series, a state-approved reading intervention program and textbook adoption. Thomson Elementary School's teachers monitor progress of English Learners continually and adjust individualized instruction to meet current learning levels. English learners are assessed annually using CELDT exam (California English the Language Development Test); results are evaluate student used to progress, intervention programs, and teaching strategies.

Thomson Elementary School's special education program is staffed by instructional aides and designated specialists. Instruction is provided in the least restrictive environment and based on each student's Individual Education Plan (IEP). Students have access to a comprehensive curriculum and are mainstreamed into the general education class with small group and individualized instruction in-class and in the resource room. The IEP team meets annually to establish goals and objectives, define academic instruction, evaluate the effectiveness of the student's plan, and make instructional adjustments as necessary. Thomson Elementary School takes advantage of the district's participation in the Desert/Mountain Special Education Local Plan Area (SELPA), which provide a pool of professional resources and expertise in the field of special education.

Thomson Elementary School provides a variety of intervention and remediation programs to support students' efforts to achieve academic success and reach grade level expectations. Using STAR test results, district benchmark assessments. and end-of-unit exams, teachers and administrators can identify students who are struggling or performing below state proficiency grade level standards. For those students who need extra help in any subject area, a Student Study Team pulls together school and family resources to identify and develop strategies to help students improve academic and/or behavioral performance. Intervention strategies include:

- After School Intervention Program
- Reading Specialist Teacher
- Learning Lab

Classroom teachers monitor student performance on end-of-unit tests to measure ongoing academic progress and adjust instructional needs.

Professional Staff

Substitute Teachers

Thomson Elementary School occasionally experiences difficulties finding substitute teachers to fill vacancies. On those occasions when a substitute teacher is not available, the absent teacher's class is separated and students are placed in a classroom of the same grade level to received instruction by a fully credentialed teacher.

Substitutes are available through a county pool that is comprised primarily of aspiring teachers, retirees, and teachers holding a 30-day substitute permit. Substitutes must have:

• A bachelor's degree

• Passed the CBEST (California Basic Education Skills Test)

Teacher Evaluations

Evaluation procedures and criteria for Thomson Elementary School's teachers are defined in the district's collective bargaining agreement. Evaluation criteria are based on the California Standards of the Teaching Profession:

- Engaging and Supporting All Students in Learning
- Creating and Maintaining Effective
- Environments for Student Learning
- Understanding and Organizing Subject
- Matter for Student Learning
- Planning Instruction and Designing Learning Experiences for All Students
- Assessing Student Learning
- Developing as a Professional Educator

Temporary and probationary teachers are evaluated once annually; permanent/tenured teachers are evaluated once every year. Tenured teachers whose previous evaluations either met or exceeded standards may be evaluated at least every five years if agreed upon by the teacher and school principal. Evaluations are conducted by the principal, who has been trained and certified to perform teacher evaluations.

Teachers whose evaluations do not meet specific evaluation criteria, as outlined in the collective bargaining agreement, are required to participate in the Peer Assistant and Review (PAR) program. Teachers in the PAR program are evaluated annually and may exit the program upon obtaining a satisfactory evaluation. Experienced and knowledgeable veteran teachers, referred to as Consulting Teachers, provide ongoing assistance to teachers who need to improve their instructional skills, classroom management strategies, subject knowledge, and/or related aspects of their teaching performance.

Counseling & Support Staff

Thomson Elementary School provides professional, highly qualified staff that provide additional services and support centered on the whole student academically, physically, and mentally. The Counseling and Support Services table in this report illustrates the availability of non-instructional support staff to Thomson Elementary School's students. Full-time equivalent (FTE) is a standard measurement used to identify an employee's regular work load on a weekly basis. For example, an FTE of 1.0 designates a full-time position and the employee is on campus and available all day every day of the week; an FTE of 0.5 indicates that the staff member is available and on campus a portion (50%) of the week.

Counselors & Support Personnel (Nonteaching Professional Staff) 2007-08			
	No. of Staff	FTE	
Health Clerk	1	0.3	
Psychologist	1	0.1	
Counselor	0	0.0	

FTE = Full-Time Equivalent

Teacher Assignment

During the 2007-08 school year, Thomson Elementary School had 17 teachers who met all credential requirements in accordance with state guidelines. All of Thomson Elementary School's teachers supplement their regular credential with a credential to teach English language learners.

The Federal No Child Left Behind Act requires that all teachers in core subject areas meet certain requirements in order to be considered as "NCLB Compliant." Minimum qualifications include: possession of a bachelor's degree, possession of an appropriate California teaching credential, and demonstrated competence in core academic subjects. In the table below, which identifies the number of classrooms taught and not taught by NCLB-compliant teachers, high poverty schools are those schools in the highest quartile for student participation defined by the free and reduced price meal program. Low poverty schools are those schools that are in the lowest quartile of program participation.

District Expenditures

Salary & Budget Comparison

State law requires comparative salary and budget information to be reported to the general public. For comparison purposes, the State Department of Education has provided average salary data from school districts having similar average daily attendance throughout the state. (Note: 2006-07 salary comparison data was the most recent data available at the time this report was published.)

• Vocational and Applied Technology

Percentage of General Fund Expenditures for:				
Teacher Salaries	39.2%	40.2%		
Administrative Salaries	5.7%	5.8%		

Expenditures Per Student

For the 2006-07 school year, Barstow Unified School District spent an average of \$7,786 of total general funds to educate each student 2006-07 audited (based financial on statements and in accordance with defined in Education Code calculations §41372). The table in this report 1) compares the school's per pupil expenditures from unrestricted (basic) and restricted (supplemental) sources with other schools in the district and throughout the state, and 2) compares the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding salaries can be found at the CDE website at http://www.cde.ca.gov/ds/fd/ec/ and http://www.cde.ca.gov/ds/fd/cs/. (The figures shown in the table below reflect the direct cost of educational services, per ADA, excluding food services, facilities acquisition and construction, and certain other expenditures.)

In addition to general fund state funding, Barstow Unified School District receives state and federal categorical funding for special programs. For the 2006-07 school year, the district received categorical, special education, and support programs funds for:

- Cal-SAFE
- Community Based Tutoring
- Economic Impact Aid
- English Language Acquisition Program,
- Teacher Training & Student Assistance
- Gifted & Talented
- High Priority Schools
- Instructional Materials
- Peer Assistance & Review
- Pupil Retention Grant
