

The College Tuition Benefit® (CTB)

REEP, #1056

Earn Tuition Rewards that can be used to pay for up to one year of tuition at over 340+ private Colleges and Universities across the Nation, that's one third of the National Association of Independent Colleges and Universities, NAICU. 80% of the colleges have received an "America's Best" ranking by *US News and World Reports*. This benefit is being provided to you, by **REEP**, at no cost to you.

All you have to do is to register a student online, and you will be on your way to reducing the cost of a college education for your Children, Grandchildren, Nieces, Nephews or God Child. After your account is set up you will be able to register as many students as you wish. See registration instructions below.

To illustrate how the program helps pay for a registered child's college education; assume a 12-year old in a family where the employee has \$100,000 or less in the Retirement plan. Employees with higher account balances will receive even more Tuition Rewards, based on their actual account balance. During open enrollment each year the employee will have to email documentation of that account balance.

(Note: Monies in most Retirement Plans do not have a guaranteed rate of return and may actually lose value).
